**❑ ATTACHMENT THREE: Video Describing Work**

Submit a maximum 10-minute, home-production quality video recording. You are encouraged to speak “from the heart” in your video, rather than reading directly from a script. The video is a chance to talk about a topic not addressed in the essays or to expand upon a point the essays touched on only briefly.

Suggestions for the structure of the video:

- In the first few minutes, you could briefly describe your submission summarizing why it was done, its significance, its benefit to society/social relevance and other details of your accomplishment.
- Continue by describing how you became interested in this project, how it evolved and how working on it has helped you develop your talents.
- Next, describe how your submission fits into the larger context of the field of study and describe the specific ideas/people/theories that influenced your work.
- Conclude your video with a brief description on how you think your work/talent could be applied/highlighted.

*Please note there are two submission options for this video. Option one is uploading your video (via any accepted format) to YouTube\* and uploading the link to the online application. Option two is uploading a .wmv file that is no more than 75MB directly to the online application.*

\*YouTube video upload instructions:

- Go to [www.YouTube.com](http://www.YouTube.com)
  - Either create an account (it’s free) or sign in
