

ONLINE LEARNING

The Davidson Institute and Davidson Academy Online offer rigorous, collaborative, online options that are specifically designed for profoundly gifted students.

Davidson Explore

davidsongifted.org/davidson-explore

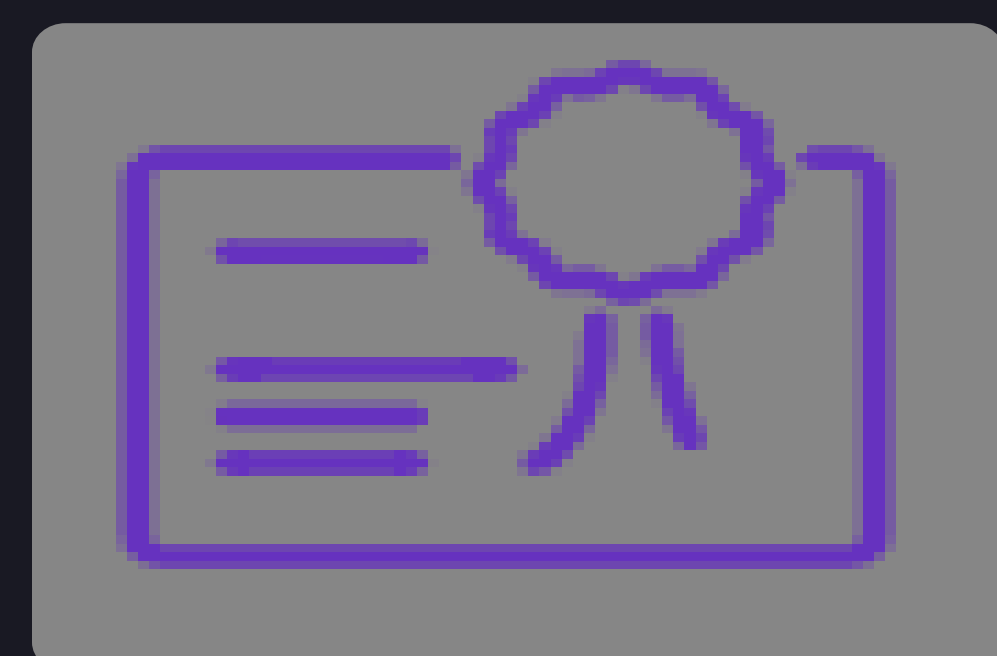

Designed to be different from other online courses, the Davidson Institute is offering rigorous, year-long, online middle school courses for qualified applicants. Explore courses are designed and taught by Davidson Academy Online instructors.

Davidson Academy Online

davidsononline.org

Open to US and Canadian students academically ready for our sixth-grade level curriculum and above, Davidson Academy Online builds off the one-of-a-kind, exceptional framework put in place by the Davidson Academy in Reno. The result is a robust online community where students thrive.

Level

Middle school level courses in all core subjects for students ages 9 to 13.

Single courses in math and English courses beginning where Davidson Explore ends.

Full-time, nationally accredited program starting with advanced middle school level coursework. Leads to a high school diploma.
